

From Gaza, With Love

Saint Levant

Yeah yeah, uh
Wallahi there ain't girls like you out here in the West (Oh yeah)
I know I've been away but I'm coming back home
No need to stress, baby
All I know, all I know, all I know
Is to be التي دائما is to always rep where you come from
Except when you in line at the customs
Told her she could meet me up in London

She like me 'cause I came from Gaza with love
(But I'd feel like a tourist if I even went back)
From Gaza with love
(If they had it their way we would never go back)
From Gaza with love, baby
التي دائما التي دائما
التي دائما التي دائما
التي دائما التي دائما

Continuez à parler, on vous entend pas
Pas, pas, pas, pas
Continuez à parler, on vous entend pas
Pas, pas, pas, pas
Continuez à parler, on vous entend pas
Pas, pas, pas, pas
Continuez à parler, on vous entend pas
Pas, pas, pas, pas
Continuez à parler, on vous entend pas
Pas, pas, pas, pas

Somebody tell Bella Hadid
Let's change that to Abdelhamid
And I don't mean to come off too strong
التي دائما التي دائما
I'm planting the seeds
need you what you get can I ,التي دائما التي دائما
But I hate it when the text go green
Did you miss me or did you leave? Baby

She like me 'cause I came from Gaza with love
(But I'd feel like a tourist if I even went back)
From Gaza with love
(If they had it their way we would never go back)
From Gaza with love, baby
التي دائما التي دائما
التي دائما التي دائما
التي دائما التي دائما
