

I Guess

Saint Levant

I know you've been thinking of us
While you living it up
While you living it up, baby
You said it was never enough
And now you're thinking of us in the club

But I guess
I guess you know it all, don't you, baby?
I guess
That I don't know shit

Said I like the way that you talk to me
I like the way you go far for me
I like the way that you look in my eyes
And say "I want you inside of me"
Said I like the way that you talk to me
I like the way you go far for me
I like the way that you look in my eyes
And say you wanna get on top of me

(Okay, okay)

Said I got a lot on my mind, and I gotta share the pain (Okay, okay)
I got a lot on my mind, and I gotta share the pain (Okay, okay)
Uh, I don't think you really want me, baby (Uh)
But if you do (Okay, okay)
Uh, I was seventeen when I left home
Timbaland to my headphones
Now it's just Marek and Pedro and we- Uh (Oof)
Ayy, I don't think you really want me, baby (Uh)
But if you do (Okay, okay)

I know you've been thinking of us
While you living it up
While you living it up, baby
You said it was never enough
And now you're thinking of us in the club

I guess
I guess you know it all, don't you, baby?
I guess
I don't know shit, I don't know shit

I said I heard that, come on and play that back
I'm really feeling that, I've been around the world
It's just a regular two-man show
