

Jerusalem Freestyle

Saint Levant

Dreamin we could make a living
We may call it home but it isn't
Living a life full of hate
Dontchu talk about forgiving

Quicksand on the beach
But still you got children playin by the sea
The language different so they gone now
Always wishing it was me

Late nights and the trauma
Eating away at my soul
Feeling guilty that I'm not there
Mama I wanna go home

Forgiattos on the drop top
We ain't got nowhere to go
IDs at the checkpoints
Just so we know we below

Come take a trip to Jerusalem
You ain't see the people they movin em
Reason they hate me cause I'm always true with em
This shit got nothing to do with em
Used to have so many friends now I'm losing em
I don't really give a fuck cause I'm through with em
I met some real ones that gave me the tools to success and you better believe that I'm using em

Damn this is all part of a plan
Gotta get rich and give back to the people who never gave up on staying in the land
Money is nothin to me I just reinvest in my community
They bombing our cities and then they be saying it's all for security

Cqisse passe autours jmenbalec j'entends rien
Seul dans mon monde mais c'est la que j'me sens bien
Un seul endroit où jveux être c'est Gaza
J'ai vue de loin et elle m'a dit revien

Girl I love a lil crazy
Pick you up in a Mercedes
I wanna take you to Jericho
Her parents worry bout her daily

Come take a trip to my city
The bullets be flying all over the place but you're safe just as long as you with me
Already know that somebody gon kill me
Don't listen the media tellin you stories just take it directly from me
More than a century since we been free
Just come to my city and see for yourself how they livin

2020 they ain't with the vision
We gon bring em together and I don't really give a fuck if you Muslim or Christian
No time for division

My people in Gaza, Jaffa and Jenin
The people of Nablus, Haifa wil Khaleel
My people in Yemen, Syria and Lebanon
We got your back cause we know how it feels

La c'est qu un rêve mais je sais qu reviendrais
Jbosse comme un chien ca ma rien rapportée
Chai qchui capable
Faut juste me pousser
La pour le coup c maintenant ou Jamais

Fuck these corrupt politicians who steal from their people and don't represe
nt em I said it
We Fight for our rights and its anti semitic
You think after being oppressed they would get it yeah
