Baby if you leave, I hope you find something healthy  
What a fine young man  
That's what's your parents said when they met me

Cause next year, I turn Saint-Laurent into Saint Levant  
Sometimes I ain't a saint, but I'm a saint at heart  
I got good intentions coming from my momma  
So you know I ain't ever bout the drama

Got me feeling so wavy  
North African sunsets  
On my mind lately  
I don't wanna stress  
So please don't, please don't stress me baby  
I just had graduation in the Nissan  
But you gon see me in the Bentley

2005, vas-y rentre dans ma Nissan  
2006, moi je vais te montrer le East side  
2007, on a quitté le seaside  
Je bois du Sauvignon blanc, fuck up teatime

Fais pas semblant  
Tu prends ça trop sérieux  
Je prends mon temps  
Toi, tu prends ça trop sérieux

Baby if you leave, I hope you find something healthy  
Got better when you met me  
And that's just the way that it is, when they leave me

And she just got here on time

Cause next year, I turn Saint-Laurent into Saint Levant  
Sometimes I ain't a saint, but I'm a saint at heart  
I got good intentions coming from my momma  
So you know I ain't ever bout the drama
