

Nails

Saint Levant

Listen, to keep it a hundred, the only thing stressing me out in this life is a Visa

And also the fact that my girl doesn't like that I'm followed by Mia Khalifa
I'm in a position where people that's older than me look at me as a leader
And I don't answer comments but I swear to God that I see them
People that I knew in college want advice on how to work hard, Eh
People that I knew in high school are now asking me for a job

But they used to hate on my nails
How insecure (How insecure)
How sad of you (How sad of you)
How immature

I don't know but I kinda like it when you talk about me on the internet (yeah, yeah)

I don't really go on Twitter though 'cause I care about my mental health and my intellect

What you hate they like about me

Publications they write about me

All the aunties they talk about me

How I know? 'Cause my mom told me

So I told her give them my number, We could go out and have a good time

And I know ~~~~ but I promise you he'll be fine

Parce que quand j'te parle à voix basse comme ça, j'te fais oublier tes problèmes

J'ai qu'y a genre 10 ans entre nous, mais moi, ton mec, on n'est pas la même

They used to hate on my nails  
How insecure (How insecure)  
How sad of you (How sad of you)  
How immature

They used to hate on my nails  
How insecure (How insecure)  
How sad are you (How sad of you)  
How immature

And they say ~~~  
~~~~  
am I yes em 'tell I and ~~~~
(Brrrrrr)
'Cause they say ~~~
~~~~  
am I yes em 'tell I and ~~~~

'Cause ~~~~

To keep it a hundred, I'd rather be nothing than be like you people that's all about bluffing and hiding and running away from the lessons

It's tucked in the past but it shows in the present

I swear on my life that we know When you see your woman go do
uble-tap on my posts
When I was a kid I remember I wore what I wanted and they used to make fun o
f my clothes
But look at right now, I just smile when I see them 'cause I know their girl
friends are all at my shows

'Cause they used to hate on my nails

And they say

am I yes em 'tell I and
'Cause they say

am I yes em 'tell I and
