

Save Me

Saint Motel

In between night and dawn
Looking back while moving on
And I know I don't say anything
But I feel everything
And I know it's all gone

But don't cry, baby
You'll be the one who saves me
Now (whoa-oh-oh-oh-oh-oh-oh)
Right now (whoa-oh-oh-oh-oh-oh-oh)
Don't cry, sweet baby
You'll be the one who saves me

Tell me how we first met
Tell me, will we meet again?
And I know I don't say anything
But I feel everything
I know you won't understand

Don't cry, baby
You'll be the one who saves me
Now (whoa-oh-oh-oh-oh-oh-oh)
Right now (whoa-oh-oh-oh-oh-oh-oh)
Don't cry, sweet baby
You'll be the one who saves me

Now
Right now, yeah
Right now

Don't cry, sweet baby
You'll be the one who saves me
Now (whoa-oh-oh-oh-oh-oh-oh)
Right now (whoa-oh-oh-oh-oh-oh-oh)
Don't cry, sweet baby
You'll be the one who saves me

Now...
