

# Angel

SAINT PHNX

This is the last time that I'll say goodbye  
Think that I'll miss you the rest of my life  
The way that I'm feeling now I can't describe  
There's no one like you you're one of a kind

Never forget the words that you said  
"Live for the moment and never regret"  
Tear in my heart and a tear in my eye  
Hope that I'll see you again one more time

You're an angel, angel  
You left me with memories and stories to tell  
Angel, angel  
Forever and ever I wish you farewell

When I get lost and I've nowhere to go  
I always believe that I'm never alone  
Started so small and then you helped me grow  
Thank you for teaching me all that I know

Never forget the words that you said  
"Live for the moment and never regret"  
Tear in my heart and a tear in my eye  
Hope that I'll see you again one more time

You're an angel, angel  
You left me with memories and stories to tell  
Angel, angel  
Forever and ever I wish you farewell  
Cause I see an angel  
I see an angel

This is the last time that I'll say goodbye  
Think that I'll miss you the rest of my life  
Tear in my heart and a tear in my eye  
Hope that I'll see you again one more time

You're an angel, angel  
You left me with memories and stories to tell  
Angel, angel  
Forever and ever I wish you farewell  
You're an angel, angel  
You're an angel, angel  
Forever and ever I wish you farewell
