

# Bad Bones

SAINT PHNX

Some days I look into the mirror and I don't know myself  
It's a lonely fight  
In an endless war  
Some nights I'm in over my head but that's the way it goes  
And I don't know much  
But one things for sure

Every day and night  
Walking side by side  
It feels heaven like

You ain't got no bad bones  
You don't need a halo over you  
You don't know no sad songs  
Everything is beautiful here with you  
Yeah, here with you

You show me colours when all I can see is black and white  
To the oceans wide  
And the mountains high  
All I see if diamonds and stars, yeah, they're shining in you eyes  
Lighting up the sky  
You don't have try

Every day and night  
Walking side by side  
It feels heaven like

You ain't got no bad bones  
You don't need a halo over you  
You don't know no sad songs  
Everything is beautiful here with you

Smiling like the sunlight  
You keep blowing my mind, yeah, it's true  
You ain't got no bad bones  
Everything is beautiful here with you  
Yeah, here with you

When I fall apart  
You keep me together  
Always my in heart  
Always forever  
When I fall apart  
You keep me together  
Always my in heart  
Always forever

You ain't got no bad bones  
You don't need a halo over you  
You don't know no sad songs  
Everything is beautiful here with you

Smiling like the sunlight  
You keep blowing my mind, yeah, it's true  
You ain't got no bad bones  
Everything is beautiful here with you

Yeah, here with you
