

Deadmen

SAINT PHNX

I'm counting down
With tired eyes
I'm talking in my sleep
Head is full of angels
I've got demons at my feet

If I should die before I wake
Then I would die in vain
Forever more remembered
As a King without a name

I keep on falling down
Lost my way around
That familiar sound is calling me

I don't know myself
Must be someone else
But I won't cry for help
Cause that's not me

Deadmen don't get up
Deadmen got no luck
My life's a fantasy, that's my reality

Deadmen don't decide
Cause Deadmen got no right
My life a fantasy, that's my reality

I'm drowning out
And asking why
My life is on repeat
I'm dreaming aspirations
Got no reason for defeat
And so I pray, for heavens sake
Take away these chains
Take away this curse
Please release me from this pain
