

# Death Of Me

SAINT PHNX

Do you ever go to sleep  
Wondering if you're gonna wake up and you're lying  
Dreaming I'm dreaming I'm dying  
Drift away into the deep  
Wandering out there in darkness and I'm crying  
Screaming and screaming I'm dying

I'm a dreamer, I'm a man  
I'm doing whatever I can to make the bad things go away  
When I'm beat up and alone  
I feel it wherever I go, it's like a poison in my veins

Everyday I wonder  
Maybe when I'm six feet under

Someone help me  
Screaming out  
I'm down on my knees  
This'll be the death of me  
I feel it in my bones  
The devil's at my door  
So help me  
This'll be the death of me

Close my eyes and feel the heat  
Keeping my head up when I'm walking through the fire  
Filling me with the desire  
See the chains around my feet  
Wondering if I'm gonna wake up and be flying  
It's killing me, killing me trying  
I'm a dreamer, I'm a man  
I'm doing whatever I can to make the bad things go away  
When I'm beat up and alone  
I feel it wherever I go, it's like a poison in my veins

Everyday I wonder  
Maybe when I'm six feet under

Someone help me  
Screaming out  
I'm down on my knees  
This'll be the death of me  
I feel it in my bones  
The devil's at my door  
So help me  
This'll be the death of me

My soul's vibrating  
I'm levitating

Someone help me  
Screaming out  
I'm down on my knees

I feel it in my bones  
The devil's at my door  
So help me

This'll be the death of me

Someone help me

Screaming out

I'm down on my knees

This'll be the death of me

I feel it in my bones

The devil's at my door

So help me

This'll be the death of me
