

# Go Away

SAINT PHNX

Do you have to go away, go away?  
Counting every single second that I wait  
Wishing every little minute that you'd stay  
But I know that you gotta go

Do you have to go away, go away?  
I'll be thinking bout you everyday  
Wishing every little minute that you'd stay  
But I know that you gotta go

Five weeks till I get home  
Looking through my timeline  
Pictures on my phone

It's a nightmare scenario  
Sleeping through the day  
In the wrong time zone

We got big dreams down a long road  
Try to keep my head straight  
Walking on a tightrope  
Don't think that I don't know  
That you're carrying the weight of the world back home

And I know you're gonna say  
Yeah, I know what you're gonna say

Do you have to go away, go away?  
Counting every single second that I wait  
Wishing every little minute that you'd stay  
But I know that you gotta go

Do you have to go away, go away?  
I'll be thinking 'bout you everyday  
Wishing every little minute that you'd stay  
But I know that you gotta go  
Go away, go away  
Go away, go away

Five weeks since I got home  
Feeling like a stranger  
Everywhere I go now

I ain't here for a cameo  
I wanna be around  
When the nights get cold

We got big dreams down a long road  
Tryna keep our head straight  
Walking on a tightrope  
So hard when you don't know  
I'm carrying the weight of the world back home

And I know what you're gonna say  
Yeah, I know what you're gonna say

Do you have to go away, go away?

Counting every single second that I wait  
Wishing every little minute that you'd stay  
But I know that you gotta go

Do you have to go away, go away?  
I'll be thinking 'bout you everyday  
Wishing every little minute that you'd stay  
But I know that you gotta go  
Go away, go away  
Go away, go away

One sleep, one sleep  
Comeback, go away  
And I repeat

One sleep, one sleep  
One sleep till you know that I gotta go

Do you have to go away, go away?  
Counting every single second that I wait  
Wishing every little minute that you'd stay  
But I know that you gotta go

Do you have to go away, go away?  
I'll be thinking 'bout you everyday  
Wishing every little minute that you'd stay  
But I know that you gotta go  
Go away, go away  
Go away, go away
