

# Invisible

SAINT PHNX

Oh well, oh well, oh me oh my  
Cross my heart and hope to die  
Here we go again my friend, it never sleeps and never ends  
Say a prayer and cast a spell, wishin' down a wishing well  
I wish they'd look, I wish they'd see It's always them but it ain't m  
e

If you're tired of feeling lonely let me know  
If you're hiding in the shadows like a ghost  
I been down the darkest road you've ever known  
You don't have to lose your hope  
You don't have to feel like you're invisible  
Woah-oh-oh-oh  
Woah-oh-oh-oh  
You don't have to feel like you're invisible

Oh hey there man, it's been a while  
Lost yourself and lost your smile  
Beatin' from the bruising when you lost the game you never win  
Tell a story, tell a tale  
Of misery and how you felt  
Tell 'em quick and tell 'em fast  
Tell 'em how you're laughin' last

If you're tired of feeling lonely let me know  
If you're hiding in the shadows like a ghost  
I been down the darkest road you've ever known  
You don't have to lose your hope  
You don't have to feel like you're invisible  
Woah-oh-oh-oh  
Woah-oh-oh-oh  
You don't have to feel like you're invisible  
Woah-oh-oh-oh  
Woah-oh-oh-oh  
You don't have to feel like you're invisible  
If you're tired of feeling lonely let me know  
If you're hiding in the shadows like a ghost  
I been down the darkest road you've ever known  
You don't have to lose your hope  
You don't have to feel like you're invisible  
Woah-oh-oh-oh  
Woah-oh-oh-oh  
You don't have to feel like you're invisible  
Woah-oh-oh-oh  
Woah-oh-oh-oh  
You don't have to feel like you're invisible
