

Learn to Fly

SAINT PHNX

I cross my heart and hope to die
I'm sick of wasting all my time

I think of escaping
My life's intoxicating
I raise my head up to the sky
Spread my wings and learn to fly

I've got this battle in my mind
I'm tired of putting up a fight

I think of escaping
My life's intoxicating
I raise my head up to the sky
Spread my wings and learn to fly

I think of escaping
My life's intoxicating
I raise my head up to the sky
Spread my wings and learn to fly
