SAINT PHNX

I'm Mr. Nightmare  
Just close your eyes and I'll be right there  
I bring the thunder and the lightni-ing  
There ain't nowhere to go (Ain't nowhere to go)

I'm Mr. Nice Guy (Nice guy)  
I could be lying to you all night (All night)  
I'll pull you closer with my fake smi-ile  
There ain't nowhere to go (Ain't nowhere to go)

Gotta stay alive, don't know where you gonna hide  
Are you gonna break down and cry?  
When they come for you, tell me whatcha gonna do  
Can you look me in the eye?

Heart is beating  
Legs are weakened  
Ain't nowhere to go

Let me hear you scream  
Let me hear you shout out loud  
Let me hear you scream  
Ain't nowhere to run and hide  
Let me hear you  
Let me hear you  
Let me hear you  
Scream

I'm Mr. Good Time (Good time)  
I see you caught up in my headlights (Headlights)  
I'll take you on a roller coaster ride  
Ain't nowhere to go (Ain't nowhere to go)

What's it gonna take? Can you keep a straight face  
Are you gonna break down and cry?  
Tell me the truth, did the boy cry wolf  
Or you runnin' 'round telling me lies

Heart is beating  
Legs are weakened  
Ain't nowhere to go

Let me hear you scream  
Let me hear you shout out loud  
Let me hear you scream  
Ain't nowhere to run and hide  
Let me hear you  
Let me hear you  
Let me hear you

Gotta stay alive, don't know where you gonna hide  
Are you gonna break down and cry?  
When they come for you, tell me whatcha gonna do  
Can you look me in the eye?  
Let me hear you  
Let me hear you

Let me hear you scream  
Let me hear you shout out loud  
Let me hear you scream  
Ain't nowhere to run and hide  
Let me hear you  
Let me hear you  
Let me hear you
