

Dancing

Saint Raymond

Found myself looking at the floor
Is it light outside, is it light outside
Because I've been here for awhile
Been talking to myself for hours
But my head's tongue-tied, yeah my head's tongue-tied

Tell me why, you talking like, you're friends of mine
Tick tock oh little white lies
But it's alright, I feel fine, is that the time
Tick tock oh my time just flied

The pulses race a nameless face
Is calling me out to the floor
Between four walls the sounds they call me
Into the heart of it all
I'll just be dancing, I'll just be dancing
On my own
I'll just be dancing, I'll just be dancing

Got eyes in the back of my head
Is it dark outside, is it dark outside
Because I've been here for awhile
Forgetting everything I've said
What's your name again, oh what's your name again

Something I can't describe
Running wild
Oh how I'm chasing smiles
It's alright, I feel alive
No compromise, oh how the time just flies

The pulses race a nameless face
Is calling me out to the floor
Between four walls the sounds they call me
Into the heart of it all
I'll just be dancing, I'll just be dancing
On my own
I'll just be dancing, I'll just be dancing

Because I'm lost in my mind
Because I'm lost and my senses are blind
On my own
I'll just be dancing, I'll just be dancing

The tales of nights of tears and fights
The tales of ones, we left behind, we left behind
The tales of nights of tears and fights
The tales of those that slipped us by, slipped us by
The tales of nights of tears and fights

I'll just be dancing, I'll just be dancing
On my own
I'll just be dancing, I'll just be dancing
On my own
I'll just be dancing
(I'll just be dancing) [x18]
