

We Forgot We Were Dreaming

Saint Raymond

I was strayed by your voice again
And I keep falling at your door
To keep on knocking I'm a fool for sure
But I never wanna go back, no, I never wanna go back no

I don't mind if you let me down darling
"It's not all about you"
It goes on and on and on we go
Back to where we started from

I don't mind if you let me down darling
"It's not all about you"
But It goes on and on and on we go
Back to where we started from

I was fooled by your silver tongue
A sirens call it lured me in
You see my weakness now I'm lost to sin
But I never wanna go back no, I never wanna go back no

I don't mind if you let me down darling
"It's not all about you"
It goes on and on and on we go
Back to where we started from

I don't mind if you let me down darling
"It's not all about you"
But It goes on and on and on we go
Back to where we started from

We keep going back to where we started from
Yeah we both know that there's not a way out
Yeah it hurts so much more on the way down

We'll keep going back to where this all began
Yeah we stand and we fight never backdown
I'm a fool out of love when you're not around

I don't mind if you let me down darling
"It's not all about you"
It goes on and on and on we go
Back to where we started from

I don't mind if you let me down darling
"It's not all about you"
But It goes on and on and on we go
Back to where we started from
