

Let's Go Outside

Saint Saviour

I'll spend the morning into gold
Easterly rise
I'll catch the line for you to hold
Leave them behind

Let's go outside
Let's go outside

It's just as easy as it seems
Like the survived now
Set on a haze, you feel it
Walk with me light

Let's go outside
Let's go outside

Sugar, sugar meet me on my Sunday bed
Running through you love so brightly
Little baby, easy as your curly hair
I'm turning, touching it, just thinking about it, yeah

Now make a mountain from a hill
Sweet darlin' mine
They're groping on my doorstep
I'll sneak a guide

Take me outside
Take me outside
Take me outside
Take me outside
