

Wake Me

Saint Saviour

Is this me playing for time?
Or my design?
Waiting for thoughts to align?
Supine
Supine
Don't have to answer me now
Sure this will hang
Just like a patchy cloud
Neither here nor there, me
Wake me

Just like I told you before
And time again
I'm no good as a friend
My feet turn in got
My navel to contemplate
Feel free to wait
In this cold empty space
You gotta reach in and
Wake me
Wake me

Just how do I feel it
I've been insulated from it I go
Daily through the motions but I
Just don't feel I'm on it though I'm
Practicing and practicing it just won't go in it won't go in I just
Can't seem to know it I just can't seem to know it
And I just wanna get to know you
(I just can't seem to show it)
I just wanna get to know you
(But I just can't seem to show it)

Each perfect pebble of white bleached by the sun
I wanna be the one
Among, among it
Picked out from under the pile
Held to the sky
What kind of fool am I?
Reach in, begging
Wake me
Wake me

Cause I just wanna get to know you
(I just can't seem to show it)
I just wanna get to know you
I just wanna get to know you
(Though I don't seem, I don't seem)
(Though I don't seem to show it)
I just wanna get to know you
(Though I don't seem, I don't seem)
(I don't seem to show it)
