

Is It Too Early (Kilmainham)

Saint Sister

Hope you're having fun
All American
Kill me like old days
I feel it always

On the pool table
Tell me I'm able
To last a whole year
Watch you sink your beer

Is it too early?
To leave this party
Your head turned sideways
I feel it always

Hope you're cashing in
All potential wins
Kilmainham driveways
I feel it always

Is it too early?
To leave this party
Your head turns my way
I feel it always

Missed Katie's wedding
Cold business setting
Those things I don't say
I feel them always

Is it too early?
To leave this party
Your head turns my way
I feel it always

Give my love to G
She takes care of me
