

# Useless

Saint Vitus

Clashing in the streets  
Taking you nowhere  
Screaming out of line  
A line that will get to you

It means nothing  
Protest, protest  
It means nothing  
Useless, useless

Voices disappear  
Into thin air  
Down on your knees  
What has it proven?

It means nothing  
Protest, protest  
It means nothing  
Useless, useless

This shit doesn't change  
Tear down for now  
What I'm becoming  
Nothing at all

It means nothing  
Protest, protest  
It means nothing  
Useless, useless
