

## Crucified

Saint

He said: "Come follow me"  
He walked beside the sea  
I dropped my nets and started toward  
I watched Him heal the sick  
And cause the blind to see  
I watched Him feed five thousand standing right in front of me

To bruised the heal in deaths defeat  
The serpent crushed beneath His feet  
Was crucified for all to see  
Was crucified for you and me

He said: "Go teach the world  
Of all that you have seen"  
And to the end I reached for more  
A vow to die like Him  
No cock would crow again  
And on a stake turned upside down I was crowned

To bruised the heal in deaths defeat  
The serpent crushed beneath His feet  
Was crucified for all to see  
Was crucified for you and me

To bruised the heal in deaths defeat  
The serpent crushed beneath His feet  
Now crowned and on the judgment seat  
Was crucified for all to see  
Was crucified for you and me
