

# Let It Rock

Saint

Soon the changing tide will wash away  
You and me alive to face the day

Let it rock (Let it rock)  
Loud and free (Loud and free)  
Surrender your sprit and you'll see  
Let it rock (Let it rock)  
Loud and free  
(Surrender your sprit, surrender to Me)

Through the years gone by I'm blown away  
Good and desperate times have changed our ways

(Surrender today  
Forever we'll stay  
So rain down Your mercy  
Lord, rain down today) /x2

Yeah

Let it rock (Let it rock)  
Loud and free (Loud and free)  
Surrender your sprit and you'll see  
Let it rock (Let it rock)  
Loud and free  
(Surrender your sprit, surrender to Me) /x2
