

Arrogant

Sainté

Okay, I'm arrogant, eating lobster with asparagus
Babygirl, check how I'm balancin'
I'm overseas, they ain't no checkin' on me
Eat, grind, sleep, repeat, get the money all steep
Weekend, I'm gettin' money, your boyfriend is sleepin'
Plan a vacation, your girlfriend is schemin'
Baby, I'm sweet, please don't call me a demon
Hard in the paint, man, I'm killin' the season

Okay, okay, I'm gettin' the hunnids, okay
She like me, I tell her "Okay"
Might slide in the day
I know that she feelin' a way
Okay, okay, I'm gettin' the hunnids, okay
She like me, I tell her "Okay"
Might slide in the day
I know that she feelin' a way
I know that she feelin' a way

I know that you like the way I flex
Babygirl, what's next?
I told you that I could be your next
Please forget your ex
I know that you like the way I flex
Babygirl, what's next?
I told you that I could be your next
Please forget your ex

Yeah, BB for the summer, I'm tryna push P like I'm Gunna
I'm floating, ahlie
Four double O, man, ahlie
Baby, come ride on my bike, you know what I like
You ain't even gotta lie, givin' a rating, a five
Bae, I'm your guy, this ain't a regular vibe
You be the one on mind, cool for the evening
Baby I'm good for the season, sending you seasonal greetings
I do not kiss and tell, I'm up tryna get me some wealth
Sorry, bro, can't you tell?
Bell my cell, I'm tryna get sugar like Kel
Can't chill with a regular girl, I need me a glitter bae
You say you lit but I'm litter, bae

She wanna go on vacation and flex on her friends
Baby with me, you gon' need to be patient
I'm ghostin' again, you know I can't stay, no time for a bae
I grind in the night, it's the same in day
You can't beef with Sainté, just go and get paid
I started a sound so we can't be the same
To get it together, I'm cheffin' up cheddar

Okay, okay, I'm gettin' the hunnids, okay
She like me, I tell her "Okay"
Might slide in the day
I know that she feelin' a way
Okay, okay, I'm gettin' the hunnids, okay
She like me, I tell her "Okay"
Might slide in the day

I know that she feelin' a way
I know that she feelin' a way

I know that you like the way I flex
Babygirl, what's next?
I told you that I could be your next
Please forget your ex
I know that you like the way I flex
Babygirl, what's next?
I told you that I could be your next
Please forget your ex
