

Changing Me Interlude

Sainté

Money's changing me
(We don't talk a lot)
(We don't talk a lot)

Money's changing me (money's changing me)

I know I act different on the road
I know I'm the reason why you're sitting all alone
I know I'm the reason why you never trust the crew

Money's changing me

I know that I'm different when abroad
How can I be selfish when I'm feeding all my breads?
Why you think it's personal whenever I record?

Money's changing me (money's changing me)

I know that I'm different on my own
I can feel the tension when we're speaking on the phone
Yeah, you know I know, but I know you know

Money's changing me (money's changing me)
Money's changing me (money's changing me)
(We don't talk a lot)
(We don't talk a lot)
