

She a Maison Margiela babe  
10 outta 10 face  
Only got eyes for a Sainte  
Oh what a time to be Sainte  
All these other girls tryna be main  
Man I swear man it drive me insane  
Need a quick getaway break  
Might just take the whole gang to Spain  
We can travel the world for days  
Make some money when I'm on the stage  
Man I ain't got no time bae  
Or at least man they want me to say  
Coz I ain't on minimum wage  
Best to come out of the city  
All of the foxes are with me  
And the ladies are screaming like Whitney

Ain't got no time man I'm busy  
Man I'm over tonight for the lizzy  
Oh what a shame, pity  
Check out the way that I shine, flex  
All of my dargs with me  
Labels are dying to hear what's next  
I'm chasing the cheques  
I roll with the guys that collect all the bets  
I'm stomping on million necks  
You know 'bout the options I get  
I'm snapping a lot  
Babes I'm attacking the block  
The ladies are yapping a lot  
I'm cheffing the pot  
Baby girl I got the wok  
If you check me right after the drop  
You know that I'm hot  
This ain't no regular day  
And this ain't no regular Sainte  
But let me tell you 'bout my future
