

## Organic Growth

Sainté

Local MVP

Why?

She wanna roll with a Sainté

I done made it on my own

She hitting my phone

She tryna show face

My pictures are hitting, my finances hitting

I'm tryna invest in the place

My Mother been happy

I send her a picture to show that I'm changing my ways

I've really been holding up weight

My plan is to grow and to [?] brothers that go against all type  
of hate

I need myself cars and luxury

I look in the mirror, I put on a smile

I know that my crowd is lovin' me

[?] to lettin' it rain

They watching the Sainté

We up on the stage

For double the trouble, I'm runnin' away

I ain't got no time for a bae

Compose, if I sign a deal

Big enough for me and my brothers to stay

For my Birthday I don't want a cake

Tryna pull up in a wraith

Flex on my teacher, didn't finish

She been [?] dissin' on minimum wage

In a rental with bro, he's revving the engine

When baddie is telling us wait (Why?)

Tryna take pics of the plate

Baby girl gotta relocate

The people around you don't want us to win

So I can't feed your mates

My brother done pre'd your mate

DBS I been [?] the runway is waitin'

Trust me when I'm flyin' away

Did the boat now I'm flyin' a plane

Fly, first class but you know I'm doin better

I ain't no regular, I ain't no average
