

# Round & Round

Sainté

Yeah

I seen a bad lil jawm with a cute lil figure  
I might just hit her (hmm)  
True say man I heard she's nuts but she came all sweet  
That's something like Snickers  
I might slide to the rave, dip quick with a couple odd guys  
That's something like pick up (skrr, skrr)  
Drink slow or the liq' might hit, nah, you won't feel sick  
But you might get hiccups (ah)  
See the packs that we got hit core so you might hit floor  
Like your doing up sit-ups  
Cross board like you doing up chess  
But we still hit goals no ball no kick-ups (never)  
If your guy wanna talk off the gums  
Cause he's making up crumbs then he might get flick up (flick)  
Got food over here on mans table  
Fix your face and posture, sit up  
I was out on my grind last night (last night)  
Pain upon both my shoulders  
Had no friends tryna back on site (who's there)  
Magic up in my shoes when I did 10 toes  
Man, I flew like Mike (wash)  
I ain't tryna say I'm an astronaut  
But I'm tryna tell you that I'm fly (fly)  
Long story short I'm the best man here  
So why would you pick that guy? (why?)  
Cah you think he's thug? (oh yeah?)  
Check out my flex, man I shine  
But I still look rough because I came out the mud  
Stil-Still made sure that my team had love  
I was in church tryna get blessed up  
When your man left town tryna sell gyal love  
I was OT just tryna get paid  
When your man stayed home tryna get some love

Round and round  
Them man were just going around  
I-I was tryna bring us up  
Bare man was tryna take us down  
We stay out the crowd  
Couldn't really care 'bout town  
We were all uptown, tryna make up pounds  
I been about, now they loving my sound

You think I was finished?  
Had to make bread out of town overseas  
How could you think that I'd stay home chilling?

Gotta kill games on something like villain  
Br-Bro wanna say that my flex come dead  
When I saw mans check, man, I thought I'd bill him  
Shown man a check of the date, just watch  
When the price came cropped, man I knew that hit him
