

Stop Crying

Sainté

Local MVP

I been busy disagreeing with snakes
Airbnb local I'm just down by the lake
Negotiations everybody's tryna market with Sainte
Township why you targeting Sainte
We can all just do great
A couple calories I'm gaining from cake
I got cake on my face
How many relate
I'm just chasing bigger earns
With no plan to escape
I ain't tryna start no trouble but I'm watching my jakes
Conversations about how much I make
Not tryna flex but if you see how I spend in a day
You won't believe Amma Sainte
I can double your wage
Or I can run with your bae
I'm tryna understand why other manz keep watching my plate
You ain't even gotta cry unless I take her on dates
Or if I like her and I like all her mates
Then it's up for debates
I got connects that live in skyscrapers
They taking care of all my time waster forreal

How the hell you gon' try be like me
You ain't like the G
Not my fault my outfit is on fleek
Man she likes me G
If I get her sampled on this beat
She Prada me
Anything she rather me
Balling like Vincent Carter G
Been around the harder G's
Fly her out the states
Meet her by the garden gates
Every whip got private plates forreal
Every whip got private plates
Meet her by the garden gates
Every whip got private plates

Okay, who's that boy making real noise?
Yeah, drive the Bentley truck like a real toy
Yeah, she just wants a guy that can get her paid
Yeah, she just wants a guy that looks like the Sainte
I'm that boy making real noise
Yeah, drive the Bentley truck like a big toy
She wants a guy that can get her paid
She just wants a man that can look like Sainte
