

Ayy  
Look

Ain't really much in the hood these days  
I'm tryna get me paid  
10 racks can really do good these days  
Keep my packs all laid  
This baddie wanna link and talk bout dates  
She don't know mans face  
I know that my links back home wanna see man paid  
And I know that's great  
Cah, I know I'm gonna keep it a hunna  
All damn summer  
Your guy can't flex like me what a bummer  
If your guy need work he can come do runner  
Need a YS chain for my YS stunners  
On a date with bird tryna cop some hummus  
But I need a big whip tryna flex that hummer  
Checks for my team gotta split with my brother  
Gotta check on my dukes drop a check for my mother

In a whip all vintage just gliding  
Tryna flick thru notes just doing my ting  
I was out with the brodie just sliding  
He ain't even been driving no license  
But a bean gonna slide if we just vibing  
I remember back then we were just Skyping  
Now I'm out OT with the crew flying  
Baby girl tell me are you really riding?

Took a stop off for tea  
Ain't really much with the G's  
Bro got himself a new B  
Her drop on fleek  
Know that her boy on T  
She don't take calls on E  
Never post on the feed  
Know that my link can't leak  
Don't bite the hand that feeds  
Double up on speed  
Bros been out OT  
Might never come back lowkey  
I was out with the bro on a pedal bike cruising through ends  
When my bro got a text on his phone  
Told the plug bring 10 with a medal back flex  
Hit my darg on a text then post by the home  
Never tell when a check finna pop on mans phone  
If a snake try call leave a message at tone

I ain't ever took drugs but check out my flex  
If you watch man step when I'm outta my zone
