SHE SAID

Sako

Hmi A E
She said I drink too much
Hmi A E
I care, I care, I care
Hmi A E
She said I love you so much
Hmi A E
I don’t care, I don’t care, I don’t care
G
But if you’ll try to stay
I will love you for just one day

She said I lost my mind
I will help you every night and day
She said you broke my hearth
But it’s OK, it’s OK, it’s OK

But if you’ll try to stay
I will love you for just one day

C#mi7 H
I hope you see my scars and tears
I still remember perfect days
