

# Closer

Saliva

Look in your eyes  
See my reflection  
Picture my life  
Without you

So many times  
You said you were leavin'  
I would just lie  
Helpless

I don't wanna be alone  
And I don't wanna love you anymore  
But when I think of letting go  
It just brings me closer

I don't wanna live this way  
And I don't wanna die another day  
But when I try to face the truth  
It just brings me closer to you

Look in my eyes  
See your reflection  
Picture your life  
Without me

And time after time  
You said you were leavin'  
I would just lie  
Helpless

I don't wanna be alone  
And I don't wanna love you anymore  
But when I think of letting go  
It just brings me closer

I don't wanna live this way  
And I don't wanna die another day  
But when I try to face the truth  
It just brings me closer to you

So long, this is farewell  
Goodbye for the last time

I don't wanna be alone  
And I don't wanna love you anymore

I don't wanna be alone  
And I don't wanna love you anymore  
But when I think of letting go  
It just brings me closer

I don't wanna live this way (this way)  
And I don't wanna die another day  
But when I try to face the truth  
It just brings me closer to you
