

Domination

Saliva

No fear I'm here ready to bleed
I'm a wild animal and I'm ready to feed
Show up, show down, show you who runs this town
Full speed kick me into overdrive
Tonight somebody's getting buried alive
Roll in roll out rev'd up for one more round

Yeah I'm taking on the world
Get ready for the ride, adrenalize
Tonight you're facing domination
Yeah some heads are gonna roll
The fall of your empire, we're on the rise
Tonight you're facing domination

Surprise I'm alive like you've never seen
Blood sweat tears on my gasoline
Tear it down light it up too much is never enough
Full speed kick me into overdrive
Tonight somebody's getting buried alive
Roll in, roll out, revved up for one more round

Yeah I'm taking on the world
Get ready for the ride, adrenalize
Tonight you're facing domination
Yeah some heads are gonna roll
The fall of your empire, we're on the rise
Tonight you're facing domination

Here it comes
Here it comes

Yeah I'm taking on the world
Get ready for the ride, adrenalize
Tonight you're facing domination
Yeah some heads are gonna roll
The fall of your empire, we're on the rise
Tonight you're facing domination
Tonight you're facing domination
Tonight you're facing domination
