

# Hate Me

Saliva

It's just a matter of time  
Before you recognize me for who I am  
It's just a matter of time  
Before you see the man behind the mask  
If you give me your heart I won't keep it  
It will only end up in pieces  
If you say too long  
Than a lot will go wrong  
And you can't go back

So go ahead and hate me  
Go ahead and get as far away as you can  
Go ahead and hate me  
Than I can't find a way to hurt you so bad  
I'll let you walk away  
I'll only hurt you when you stay  
So go ahead and hate me  
Go ahead and hate me

You told me I can be good  
You know I wish I could  
But some things can't change  
I finally realized  
I'm the kind of guy that can't be tamed  
I find myself in all the wrong places  
Wake up it's time that we face this  
I told you I could be good  
So keeping my word by pushing you away

So go ahead and hate me  
Go ahead and get as far away as you can  
Go ahead and hate me  
Than I can't find a way to hurt you so bad  
I'll let you walk away  
I'll only hurt you when you stay  
So go ahead and hate me

I love you enough to let you  
Love you enough to let you  
Love you enough to let you  
Love you enough to let you go

I love you enough to let you  
Love you enough to let you  
Love you enough to let you  
Love you enough to let you go  
So go ahead and hate me

Go ahead and get as far away as you can  
Go ahead and hate me  
Than I can't find a way to hurt you so bad

So go ahead and hate me  
Go ahead and get as far away as you can  
Go ahead and hate me  
Than I can't find a way to hurt you so bad  
I'll let you walk away

I'll only hurt you when you stay  
So go ahead and hate me  
Go ahead and hate me

So go ahead and hate me  
Go ahead and get as far away as you can  
Go ahead and hate me  
Than I can't find a way to hurt you so bad  
I'll let you walk away  
I'll only hurt you when you stay  
So go ahead and hate me  
Go ahead and hate me
