

Never Give Up

Sam Bailey

I need you more than I can say
It's been a long time anyway, yeah
Doesn't matter what we didn't say
Stop counting all the mistakes
Doesn't have to be too late
You know

I'll never give up on you
I'll never give up on you
I'll never give up on you
I'll never give up on you

This is now and that was then
We can make it back again
Doesn't matter what we thought we knew
Doesn't matter 'cause it's not the truth
All that matters is that I don't lose you now

I'll never give up on you
I'll never give up on you
I'll never give up on you
I'll never give up on you

This will always be my home
You will never be alone
Always our place to go
You are there
Know that you were my home
Always be one time to slow
Oh, we've got our love and hopes
Don't you know you are home?!

I'm never giving up on you
I'll never give up on you
I'll never give up on you
I'll never give up on you
I'll never give up on you
I'll never give up on you
Never, never...
