

## Evil Place

Sam Barber

There's a voice in the air, and it brings me to my knees  
They say if I open up, then that voice will turn into God's preach

Sure, I got faith for times it's hard to believe  
'Cause I don't want you if you don't want me  
It feels this love has lost its meaning

Would you take these weary hands and hold  
Hold 'em till I don't feel alone?  
With every other wrong I've made  
It's led me to an evil place  
Just like a word on the tip of my tongue  
Right when I have you, you're already gone  
You told me once that you'd stick around  
Once told me twice you couldn't stand this town

Stopped going late 'cause drinking brought me to shame  
Rock bottom on a floor without you, that wasn't my aim  
We spent so much fight on a burnt-out flame  
Then you fled west on a midnight train

There ain't a day I don't wish that I wasn't home  
But my words have carried me farther than I wanna go  
See, every last demon's taking its toll  
I've lost my mind, my heart, and soul

Would you take these weary hands and hold  
Hold 'em till I don't feel alone?  
With every other wrong I've made  
It's led me to an evil place  
Just like a word on the tip of my tongue  
Right when I have you, you're already gone  
You told me once that you'd stick around  
Once told me twice you couldn't stand this town

Stand this town
