

High As Kite

Sam Brown

High as kite
lighter than light
you sit up there
with nothing to loose
taken it in
refusin to move
but I need to know

Who stays who goes
don't you know I can't let go
there's no place like home
don't you know I can't let go

Time and again
I shake the fence
when will you know
take it or leave it
when you come down
I'll start to believe it's
time to decide

Who stays who goes
don't you know I can't let go
there's no place like home
don't you know I can't let go
