

I'll Be Here

Sam Brown

I'll be here for you my dear though love has gone away
There's a feeling in my heart that's strong and here to stay

Though we're over now please don't be down
We'll find a brighter day
And I'll be here for you my dear though love has gone away

Though we're over now please don't be down
We'll find a brighter day
And I'll be here for you my dear though love has gone away
We'll find a brighter day
