

# Not for Anyone

Sam Brown

Beautiful possibility  
So sensual, runs through me  
Undeniable intensity  
It's a shame but, it will never be

I've made mistakes for sure  
And I deeply regret all the pain I caused  
Now you stand before me, I see you adore me  
But I've been there, got the t-shirt  
Never again will I inflict that kind of hurt  
Not for anyone, not with you, not for anyone

A human reaction  
Irresistible attraction  
Me to you, you to me  
It's so sad, it can never be

I've made mistakes for sure  
And I deeply regret all the pain I caused  
Now you stand before me, I see you adore me  
But I've been there, got the t-shirt  
Never again will I inflict that kind of hurt  
Not for anyone, not with you, not for anyone

I've made mistakes for sure  
And I deeply regret all the pain I caused  
Now you stand before me, I see you adore me  
But I've been there, got the t-shirt  
Never again will I inflict that kind of hurt  
Not for anyone, not with you, not for anyone

I've made mistakes for sure  
And I deeply regret all the pain I caused  
Now you stand before me, I see you adore me  
But I've been there, got the t-shirt  
Never again will I inflict that kind of hurt  
Not for anyone, not with you, not for anyone
