

## Piece Of My Luck

Sam Brown

I saw a bit of silver shining in a puddle  
I was gonna pick it up  
But I didn't want to get my hands muddy

I saw you leap in  
So quick to jump in  
I saw the look in your eyes  
Searching for something

You want a piece of my luck  
Go ahead and take it

You want a piece of my cake  
When I haven't even baked it  
You want a piece of my head  
When I haven't even maked it

You want a piece of my luck  
Go ahead and take it

I went a walking under a ladder  
The bucked fell on your head  
That didn't matter  
I saw you falling thought you were crying  
I saw the look in your face  
Knew your were lying

You want a piece of my luck  
Go ahead and take it

You want a piece of my cake  
When I haven't even baked it  
You want a piece of my head  
When I haven't even maked it

You want a piece of my luck  
Go ahead and take it
