

## Running Wild

Sam Cooke

No girl will ever make a fool of me  
No girl, I mean just what I say  
I'm not the simpleton I used to be  
Wonder how I got that way

I'm running wild, I've lost control  
Running wild, mighty bold  
Feeling gay, reckless too  
Every mile all the time, never blue  
Always going don't go there  
Always showing I don't care  
Don't love nobody, it's not worthwhile  
I'm all alone, running wild  
[repeat verse]
