

Don't Help Me Out

Sam & Dave

Friend, you go out of your way
To be a pal [?]
But the same girl that I love
I see you looking at her

Now if you ever feel like helping
Just remember this
Don't help me out
Help me in

You have been a good guy
All your life you helped me like that
Just send her straight to me
Don't try to show
Don't try to show her where it's at

Now if you ever feel like helping
Just remember this
Don't help me out
Help me in

Don't help me out
Help me in

Friend, you go out of your way
To be a pal [?]
But the same girl that I love
I see you looking at her

Now if you ever feel like helping
Just remember this
Don't help me out
Help me in

Help me in if you're my friend
Help me in if you're my friend
Help me in if you're my friend
If you wanna be a pal of mine
I got to have her
She's my baby
