

Don't Waste That Love

Sam & Dave

Hey come on baby
Why don't you give your love to me
Because I really need it
You been giving it to him so long
But he don't wanna keep it

Baby baby don't waste that love on him
'Cause I wanna use it, I won't abuse it
Just like you been following
I been following you
So many times he left you crying
I was crying too yeah
Baby baby don't waste that love on him
'Cause I wanna use it, I won't abuse it

You been promised one thing
Oh, but you got something else
But I'll take care of your love
I can speak for myself
So don't waste it, don't waste it
Don't waste that love on him
'Cause I wanna use it, I won't abuse it
Don't waste it, don't waste that love
Don't waste, don't waste that love
I got something for you
And I wanna tell you one more time
Don't waste, don't waste that love
