

# Sweet Pains

Sam & Dave

Sweetness till I can't breathe  
That's the sweet pains  
Feels good  
Makes me weak all in my knees  
That's the sweet pains  
Feels good

Go on and raise your voice  
Then say you love me  
Just stomp out the room  
And come back and hug me  
That's the sweet pains  
I like it  
That's the sweet pain

Feels good  
Slap me with a love lick  
That's a sweet pain  
Feels good now  
Tease me till my heart ache  
That's a sweet pain  
I like it

Let your eyes meet mine  
Let me burn with desire  
But whey your lips meet mine  
My head is on fire

That's a sweet pain  
Feels good  
That's a sweet pain  
I like it

Sweetness till I can't breathe  
That's the sweet pains  
Feels good  
Makes me weak all in my knees  
That's the sweet pains  
Feels good

Go on and raise your voice  
Then say you love me  
Just stomp out the room  
And come back and hug me  
That's the sweet pains  
I like it  
That's the sweet pain

Feels good now  
That's a sweet pain  
You know I love the pain  
That's a sweet pain  
You make me weak all in my knees  
That's a sweet pain  
Crying over you...
