

Use Me

Sam & Dave

Use my hands
Let me rub you down
When your back is aching

Use my soul
Let me soothe you
When your heart is breaking

I don't mind
Just take your time
And baby
Use me
Use me

Use my feet
And let me walk a mile
And bring you cake and candy

Use my lips
Let me say sweet words
Girl, go on and send me

I can't help myself
Put me up on your shelf anytime
Just use me
Ooh wee
Use me
Come on and use me, oh
Use me

Tie me in a love knot
Put me in your love bag
Wrap me around your neck
And you've got the best loving
That you ever ever had

Use my feet
And let me walk a mile
And bring you cake and candy

Use my lips
Let me say sweet words
Girl, go on and send me

I can't help myself
Put me way up on your shelf anytime
Just use me
Oh now
Use me
Come on, mama
Use me, oh
Use me
I want you to use me in the morning
And use me in the evening
Midnight hour
Come on and use me
Use my hand

Use my heart
Come on and use me
Oh baby...
