

Been A While

Sam Feldt

It's been a while
Since I let you
Cross my mind
I can let you run

How could I let you go?
Haven't seen you 'round here for a while
How could I let you go?
Haven't seen you naked for a while

It's been a while
Since I let you
Drive around
I could choose you, lover

How could I let you go?
Haven't seen you 'round here for a while
How could I let you go?
Haven't seen you naked for a while

Haven't seen you 'round here for a while
Haven't seen you naked for a while
