

# Closure

Sam Feldt

I don't really know  
Where I wanna go  
I guess I'm lookin' for a sign or somethin'

I keep wakin' up  
Oh I don't sleep at all  
I've been waiting for your eyes to open

Lyin' here with you in this bed of nails  
Reaching out for someone to hold

Are we gettin' any closer  
To gettin' any closure?  
We're up in the air  
Up in the air  
Are we gettin' this older?  
Sentimental lovers  
We're up in the air  
Up in the air

I don't really know, open  
I keep wakin' up, lookin' for a sign  
I don't really know, open  
I don't really know, wa-wa-wakin' up now  
I don't really know, open  
I keep wakin' up, lookin' for a sign  
I don't really know, open  
I don't really know...

Think I had enough  
But I can't give it up  
I guess we're holdin' on to nothin'

Was it really love  
Or was it just a fuck?  
Look me in the eyes and tell me

Standing next to you in a burning house  
Goin' down on things nice and slow

Are we gettin' any closer  
To gettin' any closure?  
We're up in the air  
Up in the air  
Are we gettin' this older?  
Sentimental lovers  
We're up in the air  
Up in the air

I don't really know, open  
I keep wakin' up, lookin' for a sign  
I don't really know, open  
I don't really know, wa-wa-wakin' up now  
I don't really know, open  
I keep wakin' up, lookin' for a sign  
I don't really know, open  
I don't really know...

Hard work is done  
Yeah you're leaving me cold  
They say if you love something  
You let it go  
You're pulling me in  
But you won't say goodbye  
You won't let it live  
And you won't let it die

Are we gettin' any closer  
To gettin' any closure?  
We're up in the air  
Up in the air  
Are we gettin' this older?  
Sentimental lovers  
We're up in the air  
Up in the air  
Are we gettin' any closer?  
Are we gettin' any closer?  
We're up in the air  
Up in the air

Think I had enough  
But I can't give it up  
I guess we're holdin' on to nothin'
