

Heart Like Mine

Sam Feldt

Saw the bottom of seven seas
Top of the world and I enjoyed the ride
Highest high ain't enough for me
I wanna go through the dark and feel alive

I'm halfway to finding paradise
Wherever I go, wherever I go

Break me down, but I'll survive
You can't tame a heart like mine
Mustang horses running wild
You can't tame a heart like mine
No, no
Left no apologies, gotta take all of me
Break me down, but I'll survive
You can't tame a heart like mine

You can't tame a heart like mine

I wasn't looking for open arms
Just a place where I could clear my mind
Finding comfort in all my scars
Been through the dark and out the other side

I'm halfway to finding paradise
Wherever I go, wherever I go

Break me down, but I'll survive
You can't tame a heart like mine
Mustang horses running wild
You can't tame a heart like mine
No, no
Left no apologies, gotta take all of me
Break me down, but I'll survive
You can't tame a heart like mine

You can't tame a heart like mine
