

# Home Sweet Home

Sam Feldt

I've been a million different places  
Don't know how I made it here  
This city's full of famous faces  
Don't know what they chasin'

Oh, it hurts to say goodbye  
But I left what I left behind, yeah  
If I'm gonna make it out alive  
I gotta catch your train tonight, yeah

Home sweet home  
I'm coming back, it's been too long  
Home sweet home  
I'm dressed in black, leave the light on

Home sweet home  
Home sweet home  
I'm dressed in black, leave the light on  
(Home sweet home)

I've been a million different places  
Don't know how I made it here  
This city's full of fallen angels  
Everybody's faded

My bags are packed up and one foot at the door  
Left the note on the floor, I'll be gone in the morning  
Don't try to stop me, I've made up my mind  
Yeah, I'm already on my way

Home sweet home  
I'm coming back, it's been too long  
Home sweet home  
I'm dressed in black, leave the light on

Home sweet home  
Home sweet home  
I'm dressed in black, leave the light on

Home sweet home  
I'm coming back, it's been too long  
Home sweet home  
I'm dressed in black, leave the light on

Home sweet home  
I'm coming back, it's been too long  
Home sweet home  
I'm dressed in black, leave the light on

Home sweet home  
Home sweet home
