One Day

Sam Feldt

One day
Ooh, one day

Honestly
I wear your football sweatshirt when I sleep
So I can feel a piece of you on me
But that don't make a difference to you, does it?
I know it doesn't

I'm waiting over someone I can't call my own

One day, I'll wake up and realize
I've wasted my time on you
Ooh, one day, I know I will find a guy
Who loves me like I love you
One day
Ooh, one day, I know I will find a guy
Who'll love me like I love you

What are we?
'Cause I don't think I've ever really known
How you feel or what is going on
It shouldn't be this hard for me to love you
For me to love you

I'm waiting over someone I can't call my own

One day, I'll wake up and realize
I've wasted my time on you
Ooh, one day, I know I will find a guy
Who loves me like I love you
One day
Ooh, one day, I know I will find a guy
Who'll love me like I love you

One day, I'll wake up and realize
I've wasted my time on you
Ooh, one day, I know I will find a guy
Who'll love me like I love you

One day, I'll wake up and realize
I've wasted my time on you
