

Stronger

Sam Feldt

I find my way through the darkness
A battle heart, that's how I'm made
And I may not heal from all these bruises
But I'll be better off this way

So it rushes in like I'm oil to water
Think it's time to change when you don't wanna
Don't be afraid when the pain falls on ya
Let it wash away all the hate all on your shoulders

You gotta take it day-by-day
Keep moving forward no matter what they say
And when the thieves try to steal your faith
Keep pushin' through 'em 'cause there ain't no other way
If you wanna get stronger

No, we don't break, no, we don't break
Stronger, stronger
No, we don't break, no, we don't break
Stronger, stronger
No, we don't break, no, we don't break
Stronger, stronger
You gotta take it day-by-day
If you wanna get stronger

No, we don't break, no, we don't break
Stronger, stronger
No, we don't break, no, we don't break
Stronger, stronger
You gotta take it day-by-day
If you wanna get stronger

I've been on the brink of broken
Stripped of my shadow on the floor
Like the broken bones inside my body
I'm almost stronger than before

You gotta take it day-by-day
Keep moving forward no matter what they say
And when the thieves try to steal your faith
Keep pushin' through 'em 'cause there ain't no other way
If you wanna get stronger

No, we don't break, no, we don't break
Stronger, stronger
No, we don't break, no, we don't break
Stronger, stronger
No, we don't break, no, we don't break
Stronger, stronger
You gotta take it day-by-day
If you wanna get stronger

No, we don't break, no, we don't break
Stronger, stronger
No, we don't break, no, we don't break
Stronger, stronger
You gotta take it day-by-day

If you wanna get stronger
